

LIBRARY

Goal: To create a beautiful, cozy, contemplative space for adults where they can deepen their spiritual knowledge, engage in community with each other, and have access to spiritual formation resources.

*Refinish and use existing table
but add focal point fixture over table*

LIST OF INTENTIONS:

- Create a cozy, inviting space for quiet reading and reflection
- Improve lighting to create a warm, welcoming atmosphere
- Structure seating so that it supports small intimate gatherings and also solo reflection time
- Build in bookcases to add architectural interest and improved library functionality
- Honor church history while supporting modern day technology and vision

Welcoming/inviting entrance with new flooring throughout

Dark, warm toned bookcases with inset lighting and built in storage

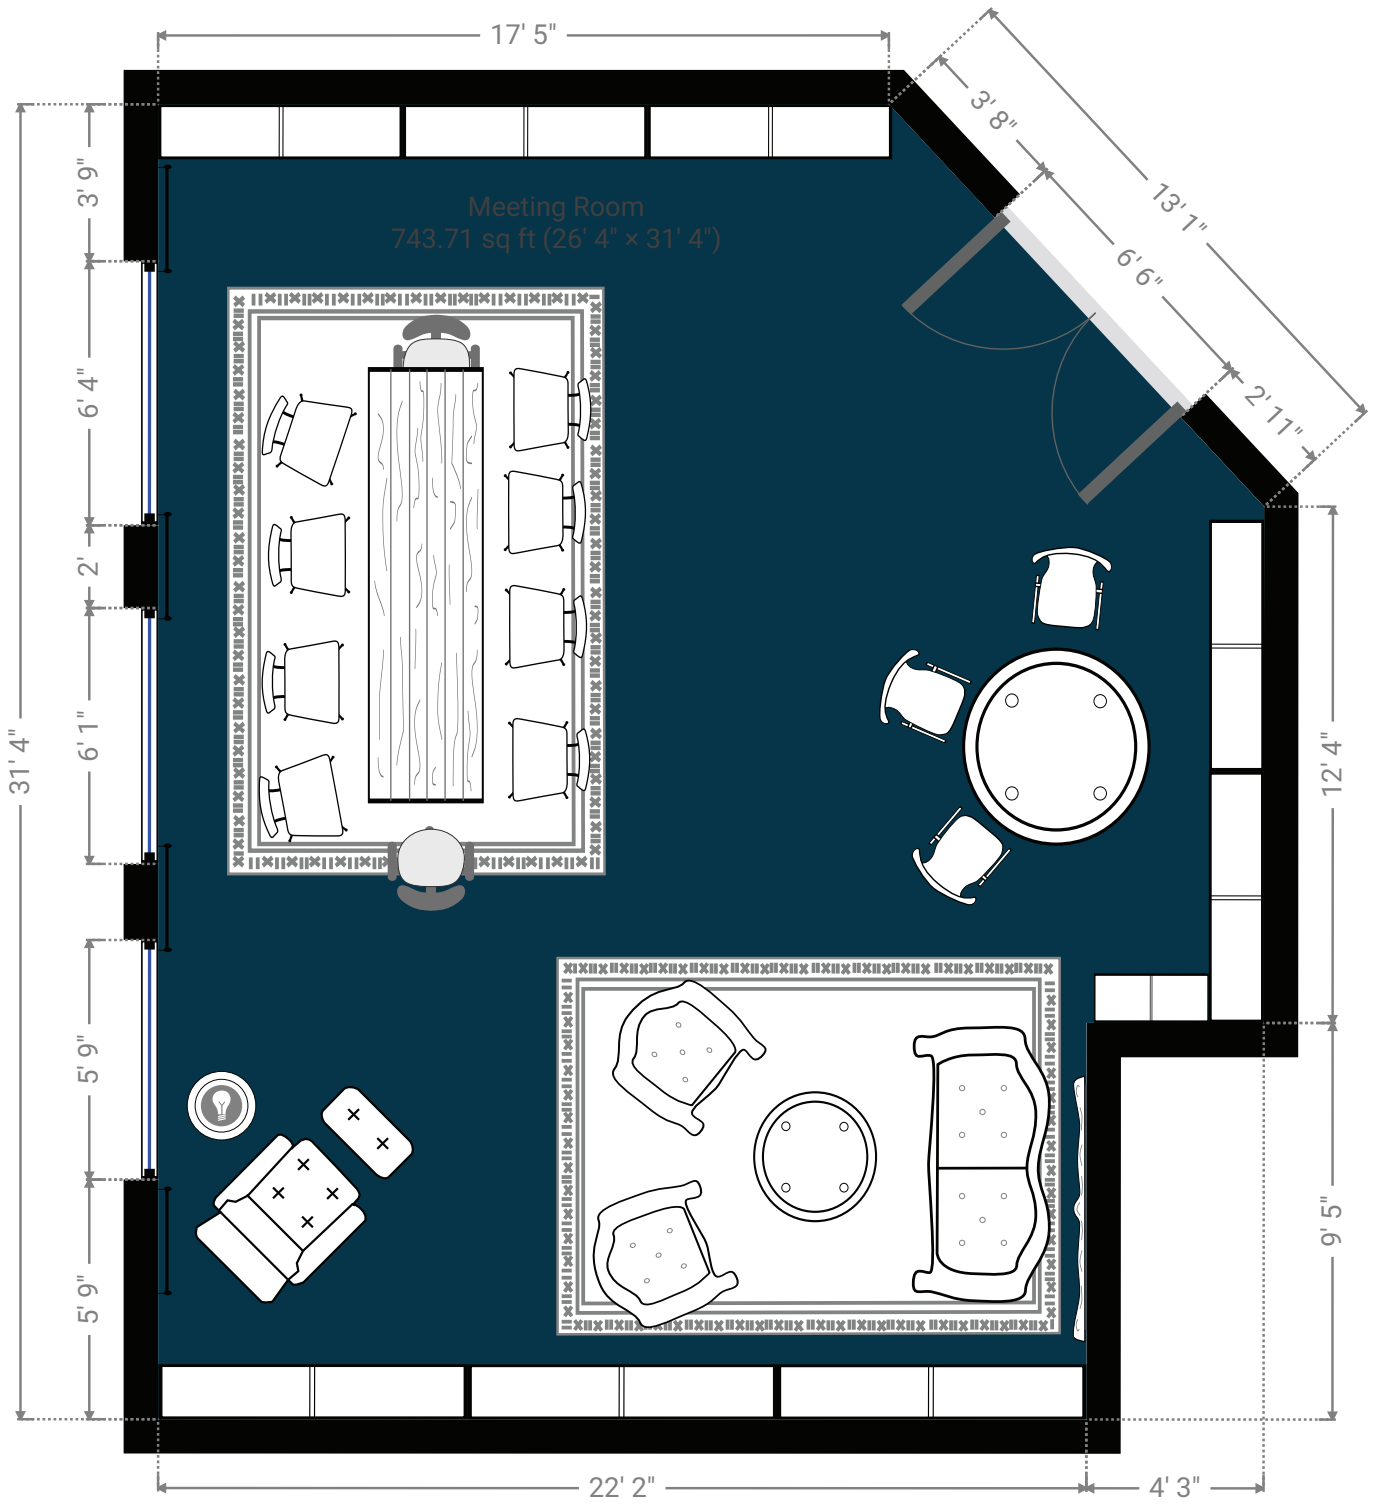

Comfortable seating intended for lingering and conversations

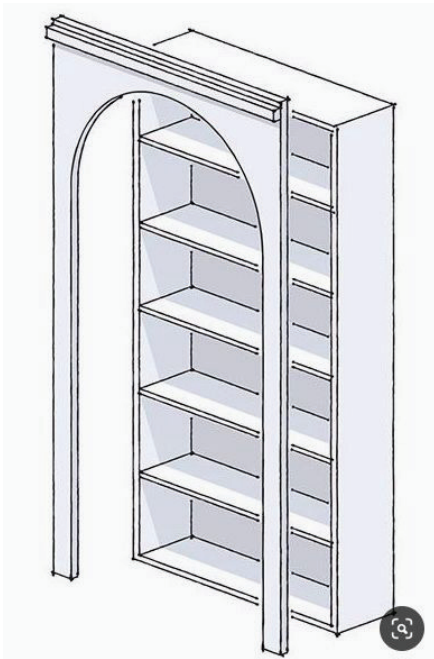

Floor to ceiling drapes in a warm, earth tones will soften sound and lend a lush vibe.

1ST DRAFT of FLOORPLAN

BOOKCASE OPTIONS:

Option 1: Utilize the current oak bookcases and frame them out so that they appear built in. Can use archways on top to disguise height/add interest

Option 2: Build custom bookcases in Mid-century style referencing the period of the sanctuary/original build. Allows for exact customization for tomes and invites engagement
